

Hi Temp TXP Heat Resistant Steel Ball Tip Paint Marker

FEATURES

- Ideal for marking on surfaces that will be exposed to extreme high temperatures.
- Marks made at ambient temperature on non-porous surfaces will become fused and permanent after heat is applied.
- Write through oil and grease without losing legibility or brightness.
- Marks in extreme conditions, even writes under water and on rusty surfaces.
- Ergonomically correct marker that enables you to mark at all angles, even upside down.
- Markers can be used to permanently identify inventory, assemblies, tools, work in progress or finished products while resisting high temperatures.
- Heavy duty aluminum body with large paint capacity.
- Paint flow is controlled by the pressure bulb at the end of the barrel.
- Stainless steel ball tips won't wear out on rough or rusty surfaces.
- Available in Medium.tip size.

MATERIALS COMPATIBILITY

- Safe on most surfaces.
- Surface tests should be run to determine compatibility prior to use.
- Temperature resistance varies by color.

AVAILABLE IN:

Color	Medium
White	17083
Yellow	17063
Temp Ranges	
White	800 - 900° F (426 - 482° C)
Yellow	800 - 900° F (426 - 482° C)

HEALTH AND SAFETY
